THE MASK TEST

Follow these simple rules to find your perfect fit

1 Hold the mask gently against your face.

2 Breathe in softly through your nose.

3 While breathing in through your nose, let go with hands.

4 Check comfort on upperlip, nose, and temples.

MUST HAVES & UPGRADES

TOP 3 MASK TIPS

1. **You must scrub the interior lense after purchase with toothpaste or a non-abrasive cleaner to prevent unwanted fogging.**
2. **Over-tightening a mask will cause mask leakage.**
3. **Bugs eat silicone! Make sure to store your mask in a plastic mask box.**

KNOW BEFORE YOU BUY[ERS] GUIDE
